

# Immanuel Village

Immanuel Village benefits most from its prime location. With CHI Health Immanuel Medical Center and Newport House on campus, you'll have the peace of mind that comes with having all the care you may need. Immanuel Village offers a complete continuum of care, including independent living, assisted living and long-term care.

This was also our first community, and it's a living testament to our founders' mission—to provide programs and services to people who need them most. And it's that heritage and tradition that rings true the moment you step on campus. That sense of togetherness is evident in the community's frequent trips to the symphony and other performing arts. And with the community's touring bell choir and other home-grown theatrical productions, getting involved just comes naturally.
